Sean is looking for a new home

Movoto is striving to be the most trusted platform for buying and selling real estate with confidence. Their end-to-end AI-enabled real estate platform connects customers with top-producing agents, while providing the tools necessary for all home buying and selling needs.

Challenge

Movoto's customer base was increasing, but they were facing challenges to connect and qualify them at scale. Customers wanted to connect outside of business hours but weren't getting a response until the next business day. Additionally, the cost of screening a customer, along with managing and operating their own call center was becoming too expensive.

Solution

Through a combination of human conversation and innovative technology, Verse.io provided Movoto with 24/7 coverage, instant customer response time, and a modern solution to their call center needs. With Verse.io, Movoto was able to efficiently achieve customer connections, faster screenings, and conversational engagement that was affordable, scalable, and integrated seamlessly with their processes and CRM.

Hi Sean, this is Alex with Movoto.com. We just received your inquiry online. We specialize in helping buyers find their ideal property. Would you prefer to chat via text message or should I give you a quick call so that I can assist you?

Texting is good

Great! I'm happy to help with your home search. Have you had the chance to tour any homes with an agent yet?

Not yet. I'm looking to relocate around June, so I figured I'll start reaching out now. Is that good?

Sounds good! What is the price range you're looking to stay around?

\$200,000. 2 or 3 bedroom.
Finished basement.

Great. What general location are you interested in?

Still interested?

Morning! Not sure if I've mentioned this before. Our team has access to all properties on the market. Are you interested in being sent other comparable listings?

Yes you can. Thank you.

Sounds good! What areas are you interested in?

Anything close to train stations or downtown Maryland. Thanks.

Great, I have all of the information I need and I will have one of our team members reach out to you as soon as possible to assist you. If there is a better time to reach you, please let me know. I hope you have a great rest of your day!

Thanks. Contact me at 7pm my time.
